Subject: Atheist Alliance International Reform Proposal

To:

You will have seen a letter circulated on 26 May 2017 from Atheist Ireland and The Freedom From Religion Foundation which proposed reforms to AAI.

The AAI Board reviewed the letter on 28 May and agreed that reforms would benefit the organisation and its members and affiliates.

At that meeting Onur Romano stepped down as President and Gail Miller was appointed Interim President. The Board would like to thank Onur for his dedication and service to AAI and to the atheist movement world-wide.

Our priority now is to work with affiliates and members to prepare a comprehensive package of reforms to ensure AAI supplies the leadership and services that the secular, humanist and atheist communities need worldwide. We believe AAI needs to become even more visible, to grow membership and revenues and to focus support where it will have the greatest impact.

We will begin work on this task immediately. We will keep you informed and seek your input and advice. Our aim is to convene an Annual General Meeting at which we can elect a permanent President and agree a comprehensive set of reforms. We look forward to working with you on this important initiative.

In the meantime, there are several vacant roles on the AAI Board and we welcome your nomination of suitably qualified candidates. Please give this your urgent attention--we need the Board at full strength for the work we have ahead of us.

Finally, on 21 May, the Board appointed me to the vacant position of Secretary.
